

Technical drawing of a cross-section of a device. The drawing shows a central rectangular cavity (2) surrounded by a thick, hatched frame (3). A horizontal pipe (8) enters from the left, passing through a series of seals and components labeled 10, 14, and 15. A vertical pipe (11) enters from the bottom left, passing through components 6 and 12. A vertical pipe (13) exits from the right, passing through components 7 and 4. A horizontal pipe (9) exits from the bottom right, passing through component 5. A small rectangular component (1) is located at the top center. A dimension line indicates a height of 0,00 for the central cavity (2).
